Below is RAW TEXT of this content -- the never fails way - html is just getting too complex to use email formats effectively anymore.

If you have any questions or needed concerns -- understand - this is not an option to drop - and it will be dropped by the process to which this matter cannot be discussed --

I have no consulate [a place to find a counsel] in these matters -- the role of this must be applied --- lets go to court - I am heading to the FBI and United Nations next -- this matter MUST BE PLACED INTO DISCUSSION POINTS for COMMUNITY AFFAIR CONCERNS -- Where is your logic to allow this to go on and on without an address to the hate that placed into our way --- and I am not the one who wrote the article --- but the matters to which I know these topics -- you can't handle the truth - Mr. Bires -- the trurh is all that I represent.

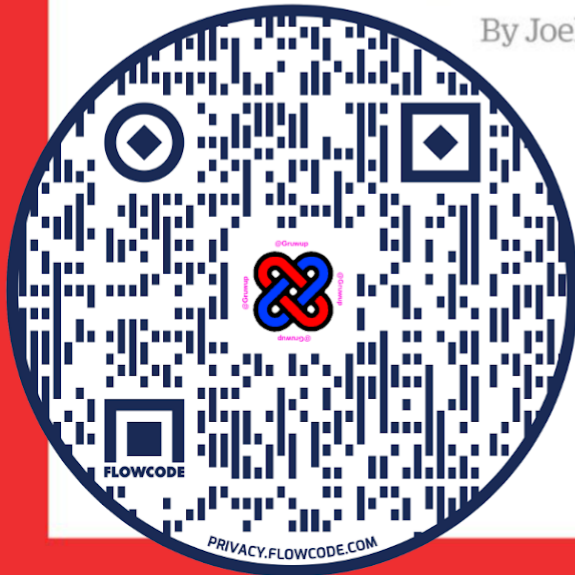

<http://isocialcop.fuckeduphuman.net> [The whole folder contents is SPECIALLY FILED for your human interst review]

But you refuse to acknowledge the truth -- obviously you can't handle the truth.

The response was:

550 5.7.1 Your email has been submitted to your internet service provider (ISP) as evidence of your continued harassing online conduct. Any account you create, use of a VPN, or other subversive measures you use are being logged through your ISP. Your continued harassment will eventually lead to your internet service being cancelled, and your websites taken offline. - gcdn u14sor1937300ion.75 - gsmtip

A highly questionable / suspicious use of internet technology error messaging if I do say so myself.

Where are my rights protected in this? I have been asking for years to a forum and discussion about these matters - to which I assume that because of this cross over -- we have our culprit to the offending sources of my haters involved in gangstalking -- give it up -- I got it on track === time to give up the hate people -- give it up -- TIME TO STOP YOUR ULLSHIT AND STOP AVOIDING A CONVERSATION TO PROCEED FORWARD PROPERLY ADDRESSED TO THE DYNAMICS OF THE SOURCES OF MALICIOUS INTENT CONDUCT ON THE INTERNET - A SCHEME OF AUTHORITY EMBEDDED HATE GONE RUN-A-MUCK!
